"Were it possible to furnish the market, ! at a reasonable price, with a preparation of meat combining in itself the albuminous together with the extractive principles, such a preparation would have to be preferred to extractum carnis; for it would contain all the nutritive constituents of meat. I have before stated that in preparing the Extract

of Meat the albuminous principles remain in the residue; they are most nutritive, and this is certainly a great disadvantage. BARON LIEBIG, Discoverer of Liebig's Extract, in

### BOYRIL

Was invented to realise Baron von Liebig's desire for a meat lood that would contain not only the stimulating properties of flesh —as all Meat Extracts and Beef Teas do but also the nourishing properties of flesh, which Meat Extracts and Beef Teas do not. This has been accomplished by first taking the extractive principles by the Liebig process (which is akin to home-made beef tea) and then adding albumen and fibrine, procured from the flesh of other oxen roasted and finely ground to powder; the combination is Bovril.

GENERAL FUNSTON BETTER :-According to a Shanghai Times cable the surgeons now say that General Funston's condition shows such favourable signs of improvement that it will probably not be necessary to operate on him as had been expected (for appendicitis) U. S. SENATE ELECTION :- New York,

January 30th-The election of a Sonator to represent New Jersey has resulted in a victory for John Dryden, Republican; the Democrat candidate had no support. Senator Dryden succeeds W. J. Sewell, of Camden. - Shanghai,

MISS ROOSEVELT AND THE KING:-Washington, February 1st.-It is probable probable that Miss Alice Roosevelt, daughter of the President, will attend the Coronation ceremony of King Edward VII., which takes place in June next. There is much excitement in Washington society over the prospect. Shanghai Times.

THE CHINESE MINISTER :-- Sir Chi Chen Losengluh, the Chinese Minister, has just & Co. undergone a slight operation, and, though he is still able to conduct the business of Legation, he does not leave his room. His indisposition is of many months' standing. No precise date. has yet been fixed for the arrival of his succes sor, but it is anticipated that he will reach England in time for the Coronation.

NEW WARSHIPS:-The Admiralty have issued to Clyde shipbuilders, specifications for two battleships, five armoured first-class cruisers, and two thirty-class-cruisers. The battleships will be of 16,500 fons displacement. The Admiralty ask that the tenders for the battleships be pushed forward, so that the contracts may be placed expeditiously. Times says that President Roosevelt has 'issued an order prohibiting all officials or employees of the Civil Service from doing or saying anything calculated to influence legislation, under penalty of instant dismissal. ROMAN CATHOLICS AND THE BIBLE -The Tablel makes an announcement con cerning Roman Catholics and the Bible which it/describes as being "of the profoundest interest to the whole Christian world." It is that his Holiness Pope Leo XIII. has appointed a special Pontifical Commission for the consideration, of all questions connected with Biblical studies. Catholic scholars all the world over will have the fullest opportunity of stating their views and difficulties, and, of bringing them to the direct notice of the Holy See. Cardinal Parocchi, a high authority upon all questions connected with Biblical exegesis, will act as president of the commission.

NEW YEAR'S DAY IN LONDON :- As usual in recent years, says the L. and C. Express, a large gathering took place in front of St. Paul's Cathedral to welcome the New Year The custom is one which is not, and rightly so, encouraged by the authorities. Begun by Scottish residents, to whom it had a meaning and many associations, it has developed in the metropolis into an outburst of rowdyism which has nothing to recommend it. On 31st ult. the condition of Ludgate-hill and St. l'aul'schurchyard was discomforting in the extreme: Drizzling rain fell at intervals, and showers of Messrs. Kruse & Co. The Lap Prize will be mud were caused by the cabs and omnibuses which passed. The year has been described as a sad one; its passing in no sense on the track the most times in the pace. The was otherwise than melancholy. Owing to the determined objection which the Dean and Chapter have offered to this annual celebration, it has lost any repute it ever had with the respectable side of the community. As midnight approached, the crowd on Ludgale hill and around St. Paul's grew denser, but did not at any time equal the number of previous years. About five minutes to twelve everyone decided that it was midnight and raised cheers or sang Auld Lang Syne. The gathering at ohce dispersed, streaming away east and west, or to the nearest houses of refreshments

#### STEAMER ON FIRE IN HONGKONG HARBOUR.

THREE CHARRED BODIES FOUND.

The Chinese holidays have-been marred by a terrible occurrence which took place in the early hours of Saturday morning, resulting in the death of three Chinamen and the total destruction of a West River steamer.

From information gleaned this morning it appears that the Chinese owned West River passenger launch Hong Chow, which is of about sixty tons capacity and plies between Kong Mun, Sam Sui and Hongkong, was lying alongside the Praya near the Canton and Macao Wharf. About half past two in the morning flames were seen to suddenly leap up from the decks, and through the port holes. Before one had scarcely realised what had happened the boat was a mass of flames and all efforts of saving her appeared futile. The fire brigade, under Assistant Superintendent King, turned out promptly and poured tons of water down into her hold. Despite their efforts the ship burnt remarkably quickly and about two hours later she was a total wreck and nothing but a shell was left. All her stanchions and other iron work above the water line were bent and twisted almost beyond recognition and there was scarcely a splinter of sound wood remaining on her. The small wharf adjoining was also damaged by the heat.

Upon a search party going on board they were horrified at 'discovering the charred bodies of three Chinamen, who had apparently been suffocated and then burnt in their bunks. It is presumed that the cabin door was locked. and that they were unable to escape the flames which every second were eating their way to the unfortunate victims. Their names are Ho I, who was 22 years of age, and Chung Wai I, 32, both firemen, and Chau U, 32, a cook, all of whom were employed on the boat. Their charred remains were removed to the Public Mortuary.

It is estimated that the damage to the launch. is about \$25,000 and is not covered by insur-. ance. The cause of the fire, which is supposed to have originated in the hold, is at present

### THE SHANGHAI A. D. C.

PRESENTATION TO MR. E. Q. PORT. ER.

· At the Lyceum Threatre, Shanghai on the 1st instant, after supper on the stage, Mr. E. G. Portier, the popular and capable stage-manager of the A. D. C., was made the recipent of a very handsome and well earned presentation subscribed for by the Club as a testimony of the high value they place upon the services which he has so long and so generously been. rendering, to them; and of the esteem in which they hold him. The presentation took the form of a very beautiful Japanese carved wood writing desk, with a view of Fujiyama in high relief on the top panel. It was manufactured at the workshops of Messrs. Kuhn and Komor, from a design specially made by Mr. S. Komor. The lower drawers are fitted with Kuhn and Komors' patent covers, a very simple and practical device.

### TALKING OF QUIVERSFUL.

Talking of quiversful (writes the Weekly-Topicist of the Singapore Free Press) what is a poor man to do when his wife punctuates his existence annually by providing him with what if she were allowed to go on would prove a whole arsenal of those blessed weapons, babies. It was a Mr. Ormsby. But it was also a Mrs. Ormsby that he had to reckon with: His life was made wretched by the chaff of unfeeling and probably celibate friends. Going down town or coming back to his domestic sanctuary it was always the same thing. Any more babies this morning Ormsby? . How many last time, Ormsby? ave you insured against five, Ormsby? What, the Topicist would again ask, was the poor man to do? Well, he simply ran away. Anyhere out into the world. where the doctors cease from troubling and weary wet-nurses take a rest. In the name of Lu ina pray read this, and say, fair reader, whether he was not justified in his flight: Chicago, Wednesday: November 27th, A remarkable divorce case is attracting great interest here. The plaintiff Mrs. Josephine Ormsby, charges her husband with drunkenness cruelty and desertion. During the seven years of their married life Mrs. Ormsby has been the mother of one set of twins, there single children, and one set of quadruplets. These last are now living, the others being dead. When the quadruplets were born £200 was raised by public subscription and presented to the happy mother, who is now earning £50 a week by exhibiting herself and her offspring at a dime museum. If Mr. Ormsby. would he wise in his generation, even the prospect of sharing that Lso a week will not tempt him back into a domestic society that has proved aiready so d sastrous to his peace
